MINISTRY UPDATE:

Things keep motoring along in the Sahtu. Our attendance continues to be in the 20 to 30 range every week. We recently had a potluck dinner, which is always popular with everyone.

It's a well known fact that ministry is not always church services but also outreach in other ways. Developing relationships with folks in the community is a must. There are a few older men that I have been spending time with and getting to know a little better. One specifically, he and I go get wood together on a regular basis and I have been able to help him with quite a few chores. As opportunity avails itself I insert comments about spiritual principles with hope to share the gospel with him. Many of the folks are very private about spiritual matters. We appreciate your prayers for wisdom and knowing the right time to share the gospel with those that are willing to listen.

We also covet your prayers for God's hedge of protection. There is a huge battle raging for the souls of the folks in the north. Wickedness and spiritual attacks are rampant. I know that this problem is everywhere but it is magnified when you live in a small community. All it takes is for one person to get sideways and lookout, the tongue is a nasty critter. I have observed and given council to some who have been attacked.

NORTHERN LIVING:

Moose hunting was profitable this year! I had one of my friends tell me that I am the luckiest hunter he's ever met. He said, "you go hunting for moose and you come back with one." My comment was not lucky but blessed!! This critter will help fill our freezer for awhile. Moose hunting is fun but what comes after that is a lot of work but well worth the effort! For all those that talk to Dr. Forney you can tell him I didn't shoot this guy in the knee! Inside joke!

THANK YOU!

We are so grateful for your faithful prayers and financial support!
