## We are here safe and sound!

After many long days and nights on the deputation road traveling with our family, we have made it to our field of Puerto Rico! Praise the Lord for His faithfulness to His promises. There is no easy way to describe how a missionary feels leaving home and then arriving on the field. Ultimately, there is relief each day we are here and one more thing gets accomplished in our settling and planning.

We landed in Puerto Rico on time with no incident to speak of. Our connections were all able to meet us at the airport and get us loaded just fine. We then had a celebratory caravan to take us to our home where we are staying until we are able to move to Vieques. Such a great day that we will never forget. The remainder of this week has been used looking for a vehicle and getting settled.

The Lord is already using us here. We are looking to get plugged in to other missionaries already on the island, helping them where we can. I had the opportunity to preach in a Christian school on Friday morning. On Sunday, we helped another missionary prepare over 2,500 books of Romans for distribution. We are looking forward to helping hand these out as well.

One week down already! We have a lot of things coming up this week. On Wednesday, we have plans to go to Vieques. We will be showing our kids the island on which we will be living, and looking for a home!
