Ministry Update

Luke 15:10 *Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.* It is always joyous and amazing to be able to witness the miracle of a lost soul being born again! During our Bible conference the first week of January we were blessed to see 2 ladies respond to the gospel by putting their faith in Christ alone and being born again!

Pastor Thomas Isaacson preached the Word faithfully each night of our conference. Attendance averaged about 40 souls each night. On Saturday the men gathered for breakfast and testimonies followed by a trip out on the ice to go fishing. The ladies had a luncheon, with teaching on the roles of women. Along with the 2 that were saved, the seed was planted and watered in many hearts, and spiritual growth decisions were made. We have started new believer Bible studies with those recently saved and are encouraged and excited about all the Lord is doing in our church.

Our Christmas Eve service was a blessing also. Many of our church family were out of town visiting family in other communities, but we had several families from other communities that were in Aklavik and attended our services. With over 60 in attendance, we had a great time of singing and fellowship. The evening also included a short dramatic reading, and the message. The Lord gave me great liberty to preach the gospel.

Last year we did a couple's banquet as part of our Bible conference. Many have commented on how they enjoyed it so we are planning another banquet for February 10. Following the meal, Pastor Featherstone from Inuvik will preach and then we will enjoy some games and fellowship.

These are exciting times but also times that Satan would love to tear apart what has been done. Pam and I thank each of you for your prayers and support for our family. We praise the Lord for His strength and provision for us and the ministry here in the Arctic.

Family Update

We need to take some space here and make everyone aware of something that has come to our attention. It seems we have been sending gifts, thank you cards for special things you have sent or financial help with projects and only one person we talked to ever received what we mailed. Without being publically critical I believe it is probably on our side of the postal service. So if you have sent us something and have not received a proper thank you it is because it never made it to you. If you have sent us a gift and have not heard from us, you may want to check to see if we received it.

As much as we hate the impersonal email thank you note, it is the only way we can tell if you have received it. If you mail something of value to us, please get a tracking number to make sure we receive it. We are sorry for any inconvenience and for the times you may have thought us ungrateful. We had no idea this was going on.
